VT506Mobile Lavalier Microphone for Smartphones

The professional Miniature Microphone for the Generation Smartphone.

TV and film productions worldwide are already using the well-known VT506 lavalier microphone from Voice Technologies. Now this popular VT506 is also available as VT506MOBILE, adapted to the current generation of Smartphones. Because it is certain – moving picture needs the best sound. The VT506MOBILE has a 3.5mm TRRS connector and is thus compatible with nearly all Smartphones and Tablets. Just plug-in and go! The VT506MOBILE records precise so that the difference to the internal microphone is amazing.

The VT506MOBILE is a high-quality professional microphone with Broadcast quality. It has a rising frequency response to assure speech intelligibility and works brilliant even when used under-clothing. The cable is flexible and has excellent isolation from rubbing noise. The length of the cable is 2.5 meters also being ideal for interviews.

The Voice Technologies VT506Mobile comes with a clip and a windscreen in a transparent box which fits in every pocket and which guarantees a secure transportation:

- Clip
- Windscreen

Application area: Social media videos (YouTube, Vimeo), reports, Talking-Head interviews, private recordings or as a Backup for sound engineers
